DEFINITION and use OF the eco-contribution

What is an eco-contribution?

The eco-contribution is part of the price of a new product: its amount offsets the cost of **waste management**. It is set up by the sector's eco-organisation, on behalf of the producer members.

It notably covers:

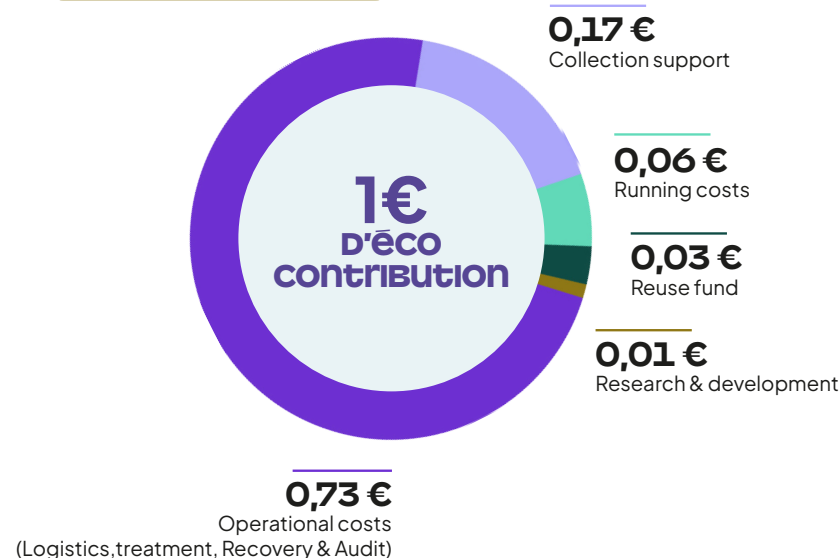

- Waste collection and removal
- Decontamination and treatment
- Product recovery: reuse, repair, recycling...
- Awareness-raising initiatives
- Monitoring and compliance

How is it calculated?

The amount of an eco-contribution is **not calculated arbitrarily** : it ties to the budget Ecologic needs to cover the end-of-life management costs of products, in accordance with the specifications set by the State.

What is it used for ?

USE OF €1 OF ECO-CONTRIBUTION PAID

Who has to report?

The market operator

It is always the first company that places a product or equipment on the market that bears the responsibility and the obligation to file the declaration and to pay the eco-contribution.

Who is it?

To find out who holds this role, ask yourself the following question: “Which is the first company to invoice the article on French soil, with VAT?”

What to report?

As a member of Ecologic, you must report each year **the quantities of products placed on the market in France, for the Professional EEE**. The declaration therefore corresponds to the **number of units** of products placed on the market **per fee code**, for the **elapsed period**.

- ✓ Products covered by the Environmental Code sold in mainland France and in the DOM-COM1 must be reported
 - ✗ Products exported abroad shall not be reported

► **note**

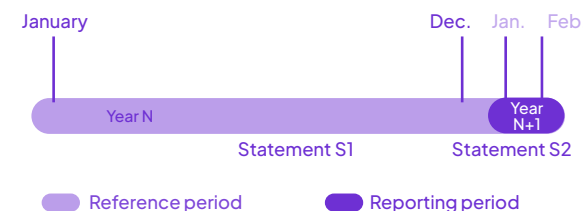

If your foreign supplier handles the declaration of the articles it supplies to you, do not include them in your own declaration

When to report?

Reporting frequencies differ depending on the quantity placed on the market that you report for the past period.

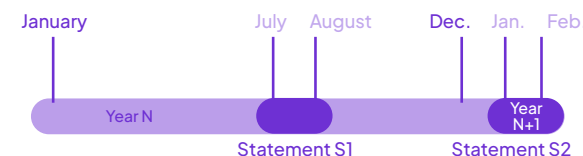

CASE 1

You place **less than 5 tonnes** on the market per year:
your **reporting** frequency is **annual**

CASE 2

You place **more than 5 tonnes** on the market per year:
your **reporting** frequency is **biannual**

HOW to report?

How to file-in the declaration?

The Producer Extranet: a dedicated tool

Ecologic provides you with a tool specifically dedicated to your declarations: the Producer Extranet.

Your personal space will let you:

- Manage your account
- Submit your declarations of products placed on the market
- View the history of your declarations and invoices
- Download your membership certificates
- Access the documentation provided: declaration help guide, eco-contribution fee list, declaration tutorial...

note

With Ecologic, you can also file your declarations for Household EEE, ASL (Sports and Leisure Articles), furniture, and LMT batteries (Light Means of Transport).

The information required

The information to be provided varies depending on the eco-contribution scheme you use.

Declaration based on the standard scheme, with modulations:

- Producer status
- Fee code (to identify on Professional EEE fee list)
- Quantity of products placed on the market
- Unit weight of the product

note

If the applicable modulation criteria cannot be justified, or in the event of doubt, the least favorable eco-contribution must be applied.

Entry methods

You have two options to file your declaration:

Manual mode : you enter your data and information manually in your personal space

File import : you can download a “Template” file from the “Declaration” section of your personal space. This entry method is recommended if you have many lines to declare.

notice

The annual minimum charge
is **200€ excluding VAT***

The amount of the eco-contribution is indicated in € per unit. It varies based on 4 adjustment criteria, which may result in either an increase (penalty) or a decrease (bonus). If the adjustment criteria cannot be substantiated, or in case of uncertainty, the least favourable eco-contribution should be applied.

Eco-fee modulation criteria

The eco fee modulation criteria, supporting documents and control procedures are detailed in the document "**Eco-modulation Household EEE technical note**" available in the "Documents" section of your personal account on [Ecologic Producer Extranet](#).

3 criteria in the price list tables:

- **Absence of BFR in plastic** (premium) : The "Absence of BFR in plastic" (Brominated Flame Retardant) criterion applies only to products meeting the following 3 conditions:

- 1 – Proportion of plastics $\geq 20\%$ of total equipment mass

- 2 – Presence of plastic parts $\geq 25\text{ g}$ requiring the use of flame retardants

- 3 – Absence of brominated flame retardants in plastic parts $\geq 25\text{ g}$, with the exception of cables and electronic cards.

- **Spare parts availability** (bonus)

We invite you to respect the criteria indicated in the "**Technical Note**" available in your personal account on [Ecologic Producer Extranet](#).

- **Non-separable battery** (penalty)

The "non-separable battery" criterion applies to a product containing a battery or accumulator which cannot be easily separated by the user using a commercially available tool. Certain families of equipment may be exceptionally exempted according to criteria specified in the "**Technical Note**".

* A minimum financial contribution is required to cover the administrative costs of reporting, invoicing and relations with ADEME.

notice

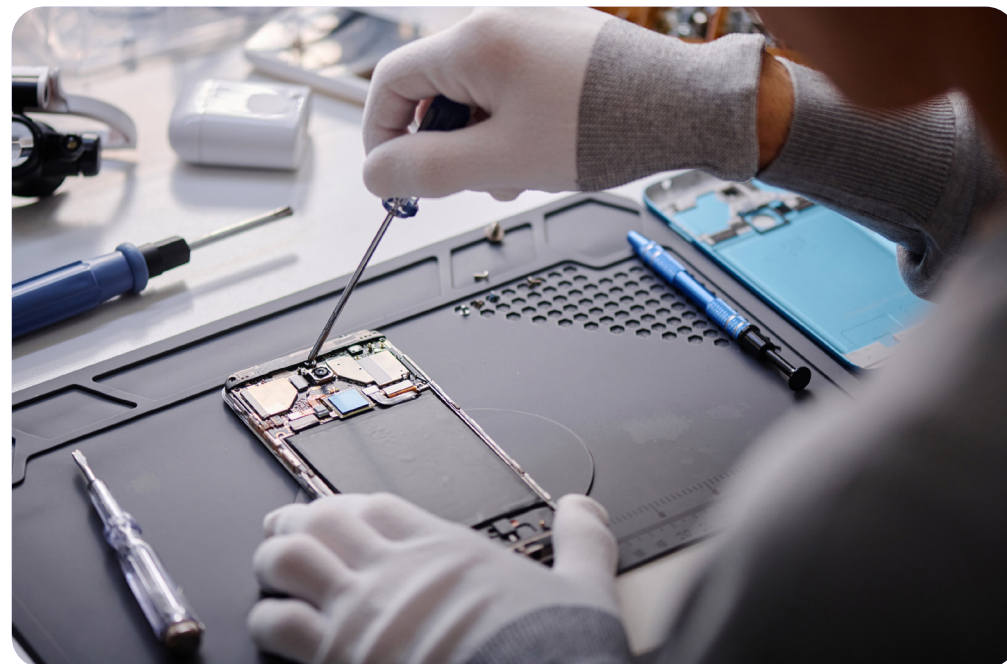

Other applicable criteria

The equipment concerned is the subject of a pre-declaration including equipment references. For details on how to submit your declaration, please contact Ecologic at the following address: declaration@ecologic-france.com

•Recycled Plastics Material (RPM)

The criterion of incorporating Recycled Plastics Materials (RPM) applies to all Household Electrical and Electronic Equipment (EEE).

For RPM from post-consumer waste from EPR channels (open circuit), excluding food-grade resins, the calculation base is established on the basis of 450 € (excl. VAT) per ton, to be reduced to the mass of RPM in the equipment. For RPM from post-consumer WEEE (closed circuit), the calculation base is established on the basis of 550 € (excl. VAT) per ton, to be reduced to the mass of RPM in the equipment.

notice

reminder

- An accessory (e.g. remote control) sold with a piece of equipment is an integral part of the equipment.
- An electrical spare part sold separately is declared separately using the dedicated eco-contribution code.

Batch with several items of equipment (excluding accessories) or several items of similar equipment

When EEE is sold in the form of a batch containing several different or similar items of equipment, the net weight of each item of equipment must be taken into account individually, and the eco-contribution applied to each product according to its type.

EXAMPLE 1

Batch of various EEE

Each EEE must be declared separately and the eco-contribution applied individually to each product according to its category.

EXAMPLE 2

Batch of identical EEE

For a batch of 20 socket-outlet blocks, each socket-outlet block must be declared separately, and the eco-contribution calculated on the basis of the net unit weight of each socket-outlet block.

For further details, please refer to the different documents available in your personal account on [Ecologic Producer Extranet](#).

thermal, air conditioning and climate control engineering

ECO FEE MODULATION CRITERIA

Sub Family	Equipment	Regulatory category	Features	Code	BFR in plastic	Spare parts availability	Non-separable battery	Eco Fee € excl. VAT / product
Thermodynamic generators / air conditioning (without fluid following uninstallation)	Chiller, condensator, steamer, evaporator, VRV, rooftop, exchange unit...	1		P1CLIM01	- 21€ / ton		+ 80€ / ton	100€ / ton
Thermodynamic generators monobloc	Heat pump monobloc...	1	charge ≤ 2kg	P1PACM01	- 21€ / ton		+ 80€ / ton	100€ / ton
Air treatment without fluid and without expanded foam	Room air conditioner, casset, air treatment unit...	4		P4TAIR01	- 21€ / ton		+ 80€ / ton	110€ / ton
Hot water tanks		4		P4BECH01	- 21€ / ton		+ 80€ / ton	358€ / ton
Heating air and heating water	Heater, water heater, convactor, hot water tank, hot air curtain...	4		P4CHAU01	- 21€ / ton		+ 80€ / ton	200€ / ton
Electric spare parts and accessories for thermal, air conditioning and climate control engineering		5	X ≤ 50 cm	P5PIEC01	- 21€ / ton		+ 80€ / ton	200€ / ton
		4	X > 50 cm	P4PIEC01	- 21€ / ton		+ 80€ / ton	165€ / ton

PROfessional KITCHENS and LAUNDRIES

ECO FEE MODULATION CRITERIA

Sub Family	Equipment	Regulatory category	Features	Code	BFR in plastic	Spare parts availability	Non-separable battery	Eco Fee € excl. VAT / product
Equipment with refrigerant fluid or with expanded foam without direct sales function	Refrigerator, freezer, ice machine, display refrigerated, wine cabinet...	1		P1FROI01	- 21 € / ton		+ 80 € / ton	192 € / ton
Refrigerating equipment with a direct sales function	Beverage refrigeration appliance, freezers for ice cream, display cases for ice cream...	1		P1FRIG01	- 21 € / ton	- 30 € / ton	+ 80 € / ton	192 € / ton
Chest freezers	Professional chest freezer	1		P1CONG01	- 21 € / ton	- 30 € / ton	+ 80 € / ton	192 € / ton
Equipment without fluid and without expanded foam	Coffee machine, slicer, mincer, blender, mixer...	5	X ≤ 50 cm	P5CUI01	- 21 € / ton		+ 80 € / ton	109 € / ton
	Oven, range, vapor extractor, burner, roaster, dow mixer, dishwasher...	4	X > 50 cm	P4CUI01	- 21 € / ton		+ 80 € / ton	84 € / ton
Equipment with NH3	Minibar...	1		P1FRNH01	- 21 € / ton		+ 80 € / ton	750 € / ton
Washing machines with fluid	Dryer with heat pump...	1		P1LAVP01	- 21 € / ton		+ 80 € / ton	155 € / ton
Washing machines without fluid	Washing machine, laundry equipment...	4		P4LAVS01	- 21 € / ton		+ 80 € / ton	125 € / ton
Spare parts and accessories for professional kitchens and laundries		5	X ≤ 50 cm	P5PIEC05	- 21 € / ton		+ 80 € / ton	200 € / ton
		4	X > 50 cm	P4PIEC05	- 21 € / ton		+ 80 € / ton	165 € / ton

HYGIENE , Beauty, care and OTHER EQUIPMENT CHR

ECO FEE MODULATION CRITERIA

Sub Family	Equipment	Regulatory category	Features	Code	BFR in plastic	Spare parts availability	Non-separable battery	Eco Fee € excl. VAT / product
Hygiene, beauty, care and other CHR equipment	Equipment for hair dressing, body care, hair dryer, hands dryer, massage equipment, fragrance diffuser, other equipment CHR...	5	$X \leq 50$ cm	P5HYBS01	- 21 € / ton		+ 80 € / ton	180 € / ton
		4	$X > 50$ cm	P4HYBS01	- 21 € / ton		+ 80 € / ton	180 € / ton
Maintenance and cleaning equipment	Vacuum cleaner, iron, cleaning appliance, etc.	5	$X \leq 50$ cm	P5NETT01	- 21 € / ton		+ 80 € / ton	200 € / ton
		4	$X > 50$ cm	P4NETT01	- 21 € / ton		+ 80 € / ton	200 € / ton
Electric spare parts and accessories for hygiene, beauty, care and other equipment CHR		5	$X \leq 50$ cm	P5PIEC02	- 21 € / ton		+ 80 € / ton	200 € / ton
		4	$X > 50$ cm	P4PIEC02	- 21 € / ton		+ 80 € / ton	180 € / ton

automatic DISTRIBUTION

ECO FEE MODULATION CRITERIA

Sub Family	Equipment	Regulatory category	Features	Code	BFR in plastic	Spare parts availability	Non-separable battery	Eco Fee € excl. VAT / product
Distributors with cooling circuit	Distributor of drinks, foods, flowers, medicine...	1		P1DIST01	- 21€ / ton		+ 80€ / ton	205€ / ton
Water fountains	Water fountains	1		P1FONT01	- 21€ / ton	- 25€ / ton	+ 80€ / ton	200€ / ton
Distributors without cooling circuit	Distributor of industrial supplies, clothes, hot drinks, breads, personal hygiene products...	5	X ≤ 50 cm	P5DIST01	- 21€ / ton		+ 80€ / ton	200€ / ton
		4	X > 50 cm	P4DIST01	- 21€ / ton		+ 80€ / ton	135€ / ton
Equipment for tickets and money collection, for money deposit and control post without screen	Cash machine without screen, digital terminal without screen...	4		P4DABA01	- 21€ / ton		+ 80€ / ton	156€ / ton
Fuel pumps	Petrol pump...	4		P4ESSE01	- 21€ / ton		+ 80€ / ton	315€ / ton
Electric spare parts and accessories for automatic distribution		5	X ≤ 50 cm	P5PIEC10	- 21€ / ton		+ 80€ / ton	200€ / ton
		4	X > 50 cm	P4PIEC10	- 21€ / ton		+ 80€ / ton	150€ / ton

DIGITAL: Printing, It, telecom and audiovisual

ECO FEE MODULATION CRITERIA

Sub Family	Equipment	Regulatory category	Features	Code	BFR in plastic	Spare parts availability	Non-separable battery	Eco Fee € excl. VAT / product
Monitors	Professional monitor	2	screen > 100 cm ²	P2MONI01	- 21 € / ton	- 40 € / ton	+ 80 € / ton	290 € / ton
Digital terminals with a screen > 100 cm ²	Electronic cash register with screen, strengthened tablets, all-in-one videoconferencing system...	2	screen > 100 cm ²	P2TERM01	- 21 € / ton	- 20 € / ton	+ 80 € / ton	170 € / ton
Printing equipment A3 or larger than A3	Printer A3 monofunction > 15kg, device A3 multifunction > 20kg, photocopier A3, graphic arts printer, plotter...	4		P4PRGF01	- 21 € / ton	- 20 € / ton	+ 80 € / ton	145 € / ton
Printing equipment A4	Printer A4 monofunction > 15kg, device A4 multifunction > 20kg, photocopier, dot matrix printer or thermal printer...	6	X ≤ 50 cm	P6PRPF01	- 21 € / ton	- 20 € / ton	+ 80 € / ton	145 € / ton
		4	X > 50 cm	P4PRPF01	- 21 € / ton	- 20 € / ton	+ 80 € / ton	145 € / ton
